

FRA Children’s Book Award Registration 07-08

The Florida Reading Association invites students in Pre-Kindergarten through Grade 2 to participate in the Children’s Book Award program. This program encourages exposure to recent quality literature and involves children in giving recognition to their favorite book on the 2007-2008 nominated book list.

Book Selection

Each year a committee selects eight titles from the nominated books. The books selected must have been copyrighted within the last five years and be currently in print. Care has been taken to choose both fiction and nonfiction. Nominations for books to be considered for the 2008-2009 school year are due by December 15, 2007.

Registration

Schools are asked to submit this completed form indicating their intent to participate between September 1 and **December 15, 2007**. Packets of ideas and other free materials will be sent to registered schools beginning in early November. Those schools registering after December 15th will be welcome to vote, but are not guaranteed a complete packet.

Award Procedure

Once students have heard at least five of the eight Children’s Book Award titles, they are eligible to vote. Votes are to be sent to the Children’s Book Award chairman for your part of the state. Ballots must be received no later than April 15, 2008. The winning book will be posted on the FRA website (www.flreads.org) by May 1st.
